Attention: To whom it may concern,

Please accept this cover letter and attached c.v. I am a graduate of Sheridan College's Media Arts program, and a freelance video editor in Toronto. I feel that my background and qualifications would be a strong asset to any organization.

During my time in the industry, I have gained strong working knowledge and hands-on experience in editing, gripping and lighting practices, organization and troubleshooting. I am a very quick learner, work well under direction and don't need to be micro-managed. Further, I am recognized by my peers and employers for being extremely **reliable**, **responsible**, able to **quickly problem solve** and **adapt** to unexpected circumstances.

I've most recently worked as an assistant at The Holmes Group, the company behind HGTV's Holmes Makes It Right and many more of Mike Holmes' programs. There I logged footage, set up projects and edited webisodes and pre-cuts for the senior editors of the shows. As a freelance Editor, I have experience editing horror, comedy, drama, corporate, instructional and documentary in long and short formats. On set I have worked, in the Grip&Electrics on several short films, feature films, webisodes, TV Shows and Music videos. For a more in depth look at my skills, accomplishments and qualifications, please review my c.v. Please do not hesitate to contact me by email or cellphone, as I would be happy to schedule an interview at your earliest convenience. I look forward to speaking with you in the near future.

Yours respectfully,

Sydney Cowper
